The town Council have commenced work on Russell Street.

Foot Paste has reappeared in our midst and has brought along a Wheel of Fortune to him.

The rank and file of the "TIMES" are honored with tickets complimentary of the Young Americans more in due time.

"Moses's lecture on Religion" was a clean theft of Dr. Hall's sermons. The bare creature gave it almost verbatim in the language of the author.

Messrs Moseley, Crook & Copes have just received 50 Tons of the celebrated E. Frank Co's Phosphate, this Phosphate has been used with unparalleled success.

Acknowledgement.

The Treasurer of the Presbyterian Church acknowledges the receipt of \$10, which will be appropriated as requested by "a Friend."

Charleston Races.

Next week the races will come off, we look for a spicy letter from our correspondent A. Snodgrass (C. C. Carrere Esq) on the subject.

The Orangeburg Agricultural, and Mechanical Association meets on Saturday at the Fair building. Lunch and wine may be expected. The Times will be fully represented there.

To Subscribers!!

All whose subscription expires with this number will find a red cross mark on the margin of the paper. Those who wish their subscription renewed will come up at once and settle.

Street Gambling.

The game as seen on Saturday, and in which many participated was as demoralizing as it was open. A public stand, and open sale of chances, with an occasional winning card led many to invest to the infinite delight of the seller. We denounce this as a reproach to our town, and hope the Town Council will check all such open street gambling.

A valuable communication on the subject of the Orangeburg Agricultural and Mechanical Association stock, is omitted this week, on account of a communication from another friend which is in advance of it. The letter will appear in our next.

Orchard and Garden Seeds.

See the advertisement of Messrs Edward J. Evans & Co York Penn. who offer unusual inducements to purchasers. Their seeds are carefully put up and are bound to give satisfaction. Give them a trial.

Our sympathy is extended to the bereaved house of Mr. T. C. Hubbel, on account of the sorrow they sustain in the death of little Frank Myers. The funeral of the little fellow was largely attended on Sunday last by both old and young.

Rail Road Avenue and Russell Street. Mr. J. S. Albergotti is at his old stand, still attending to customers who throng his store to buy groceries &c, at such low prices, and all exclaim 'how can he sell so cheap?' The reason is that he makes a specialty of groceries and provisions and is able to sell at such a seeming sacrifice.

Dr. A. C. Dukes.

The Doctor has on hand a choice lot of segars, if you don't believe it, ask Sherod Reece, who attends that department; he is a good judge of segars, and would not sell you an inferior article. Dr Dukes also has a large assortment of drugs, medicines &c., of the purest kind.

Bad Roads.

The "Bull Swamp" road is in a sorry plight. From the hill near Mrs Andrews' gate beyond the bridges over Caw Caw, it is a slush. The travel on the road is very large, and the destruction of vehicles and horse flesh must be great. On behalf of the citizens living on this road we put in a plea.

Death of E. C. Tharin.

On Friday last the deceased died at his residence "Poplar Spring" at the age of sixty six. Mr. Tharin was a native of Charleston and for nearly 18 years held the position of flour inspector in that City. His declining health induced him to seek the retirement of the country, and after a stay of eleven months he fell under a stroke of apoplexy. His remains were buried in the cemetery of the Episcopal Church. A large number of friends attended the funeral.

The 7th Anniversary

Of the Young America Fire Engine Co. On the twenty fourth the Young America's will celebrate their seventh anniversary and as both Fire Companies are going to parade we may expect something that will help to enliven these dull times. Both companies wish to decorate their apparatus with flowers &c. The attention of the ladies is respectfully called to the large assortment of colored tissue paper at Mr. Robinson's Book Store, and all favors, in the shape of artificial flowers wreaths &c. will be gratefully received by Messrs W. K. Crook, C. D Kortjohn W. C. McMichael Frank Briggmann and J. M. Brunson, on behalf of the Young Americans, and by Messrs. Wannamaker Boff and Smoke, on the part of the Elliott Hook and Ladder Company.

Facts worth knowing! One of the best indications of this South, and prosperity of Charleston, is to be found at the Establishment of Messrs L. H. Hall & Co., located at Nos. 2, 4, 6, 8 Market St., 223 & 225 East Bay. The rapidly increasing business last year of this firm, has induced them to enlarge their Establishment, which now supplies every conceivable article that can be required in the building of a house, from a baluster to any size timber. Our friends in the City, and throughout the State who contemplate building a house can be supplied with the materials necessary for its construction, at prices and quality of work which will save a large percentage in the cost of building. They are Agents for Asbestos Roofing Pili, endorsed by some of the best firms in the country. Send for price list and circulars.

Sends your orders for Doors Sash and Blinds to the Southern House of Geo. S. Hacker of Charleston S. C. Mr L. Ransdale of our Town is the authorized agent for this House.

MR. EDITOR:—Now, that the tide of immigration seems to be commencing to flow into other parts of the State, may it not be well for the farmers of Orangeburg County to consider what they can do in this all important matter.

An agency has been established in New York under the superintendence of Tilmann R. Gaines to which, if the N. Y. Sun is correct, there are unfortunately objectionable features.

If this is so, in view of the importance of the subject, public sentiment should be directed against it.

The people of South Carolina ought to know that if they bring in immigrants as laborers alone, they are not introducing an element as inharmonious as the one they already have.

The only way to make the new comer assist us in advancing the interests of the State, agriculturally and politically, is to make him feel that he is one of us by giving him an interest in the soil equal with ourselves as land owners.

There is an abundance of good land in Orangeburg County for the settlement of one or two thousand, and money enough too to loan them for a few years. No investment would pay us better. All that is necessary is combination, and unity of action and sentiment.

One condition is deplorable, and if we wish to relieve it, we must either get men to immigrate, or we may be forced to emigrate.

Everything else has been tried and failed. Let the people of Orangeburg County meet together at once, and establish an Immigration society.

Mr. Editor, will you endorse next sales-day as the time of meeting?

C. H. O.

[COMMUNICATED.]

MR. EDITOR:—The regular quarterly meeting of the Orangeburg Agricultural Society will take place next Saturday, 21st inst. I hope the the meeting will be a full one, as subjects of much interest will be discussed to the farmer. One of the most important, will be Immigration. Whilst nearly every County in the State is moving in this matter Orangeburg is, in a manner doing nothing. I hope at the coming meeting, some practical measure will be adopted, by which white immigrants will be induced to come among us, and aid us to get rid of the intolerable government which is eating up our substance, and grinding us to dust.
